DESCRIPTION

Gordon's gin was established in 1769 by Alexander Gordon as he set out on a mission to produce a gloriously-flavoured gin worthy of carrying his family name. Gordon believed that success lay in the perfect combination of pure distilled grain spirit and rich botanicals. To this day Gordon's is distilled to this same exacting standard, the product is triple distilled to guarantee the purity of the gin, and the exact blend of our botanicals remains a closely guarded secret. The attention to detail results in a distinctive that mixes perfect in long mixed drinks and cocktails. Gordon's Perfect G&T – 50ml Gordon's London Dry, topped with tonic with a wedge of lime

TASTING NOTE

Angelica is the magic ingredient in this gin that ties together the other botanicals to give a long and complex flavour.
